Dealers in Sutlers' Supplies. No. 481 NINTH STREET, WASHINGTON, D.C., AND

No. 25 KING STREET, ALEXANDRIA. VA. In consequence of the recent order of the War Department, requiring sutlers to load in Washington, we have thought it advisable to open another house for the accommodation of our friends.

We take pleasure in announcing that we have purchased the entire stock and good will of the house of Barnes & Co., 481 Ninth street, Washington, and can now offer the largest and best assortment of Sutler's Goods, in both cities. One of the partners residing in Philadelphia, is

all the time in the market for the purchase of Sunplies; and as we buy for cash, we flatter ourselves that we can sell prime goods as low as they can be bought anywhere.

In view of the many frauds perpetrated on purchasers of Army Supplies, we have given personal and particular attention to the selection of our stock of Canned Fruits, Vegetables, Meats, Jellies, Milk, &c., sud confidently recommend them to be of the very best quality.

We also invite your special attention to our large stock of Butter, Cheese, Foreign and Domestic Fruits, Tobacco, Seg rs, Eutler's Hardware and Notions. PITKIN & CO. Truly yours.

WASHINGTON, January 1, 1864. Having disposed of our stock of merchandise to the firm of Messre. Pitkin & Co., we take great pleasure in recommending them to our friends and customers, who have so generously patronized us. We do so, with the knowledge that our successors are fully competent and disposed, to make it for the interest of all to continue the patronage to hem which hasbeen so liberally extended to us. WASHINGTON, Feb. 2 .- (Associated Press Dispatch. |- A letter from the Army of the Potomac says there is no official confirmation of the reported fight on the south side of the Rapidan, with a large body of deserters last week. It is nevertheless known that a feeling amount. ing almost to mutiny prevails in several regi-ments of Gen. Lee's army, and it is not improbable that the firing heard was caused by endeavoring to prevent one of them from escaping. The enemy's pickets are frequently changed, and on one occasion cavalry was substituted for the advanced posts, and two lines of infantry pickets were posted in their

Frequent changes of the position of some of Lee's camps are noted, probably by substituting well-known faithful regiments for those disaffected near the front. The reports concerning the scarcity of food in the enemy's army are confirmed. Only ½ pound of salt pork is allowed each man per day, and a small quantity of flour in addition, constituting rations. Tea, sugar and coffee are myths in the service. Accounts received by prisoners and refugees all Frequent changes of the position of some of counts received by prisoners and refugees all concur that the rebel government has not distributed any clothing since our movement on Mine Run. Some of the Georgia troops have received a small supply of clothing from that State, but blankets with them are getting scarce, and command a heavy premium.
Intercepted letters from rebel ladies show

that of the three thousand cavalry sent into the Vailey during the recent cold weather, not over four hundred had returned. Many were frozen to death, and others frost-bitten, and sought refuge in farm houses and villages. The entire movement was a total failure. At last accounts Early's force was resting on Middle river, near Mount Crawford, having abandoned

the enterprise. Deserters continue to arrive from the front They report great scarcity of provisions, for-age and clothing, and also that large numbers of soldiers are awaiting the proper opportuni-ty to avail themselves of the President's amnesty proclamation. mac, is nearly completed.

"On the 31st of January an expedition was sent up James River and Pagan creek, to Smithfield, to join an expedition up the Cauckatuck, under General Graham, to destroy provisions, supplies, a signal station and a smuggling

depot. "The expedition landed at Smithfield. sisting of ninety men and one howitzer, under Capt. Lee, was to march to Chuckatuck. When five miles beyond Smithfield they encountered the rebels, 200 strong, with two pieces of artillery, when they retired to Smithfield, and sent for the armed transport Smith Briggs, but ow-ing to the fog she did not arrive till half-past 12 o'clock on Monday evening. The enemy, 500 strong, with four pieces of artillery, attacked Capt Lee at daylight in Smithfield, but being entrenched, they held out against several furious attacks and charges from the enemy till the Smith Briggs arrived.

"The enemy were repulsed at each attack with heavy loss. They sent three flags-oftruce demanding a surrender, all of which Capt. Lee refused. On the arrival of the Smith Briggs our small force retreated on board of her, when the enemy opened a heavy fire of artillery

upon them. "The Chief Engineer was wounded and the Second Engineer is missing. This pre-vented the working of the boat off till a shot struck her boiler and disabled her, when Capt. Lee and a portion of his command escaped by swimming across the river. The others were captured, including F. A. Rowe, who was wounded.

"Our loss in killed and wounded and miss-ing is about eighty. The enemy lost in killed and wounded one hundred and fifty. Soon after the capture of the Smith Briggs she was blown up, making a tremendous report. FROM THE MISSISSIPPI DISTRICT.

The Post says the Austrian and Prossian representatives will doubtless quit Copenhagen, and war may be formally declared, but it is still possible that active hostilities may not instantly follow. Neither Austria nor Prussia can possibly wish for a serious war with Denmark, and we suspect that their present policy, however dangerous, is pursued from a sole desire, in consequence of their defeat in the Diet, to become, so far as regards the other powers, masters of the present situation. The allied Powers of Prussia and Austria on one le other, would be the belligerent parties, and the German Confederation, that is to say, the minor German Powers, would no longer have a right to interfere. In the pending dispute, Austria and Prussia would be the sole arbiters of the conditions on which they would be willing to conclude peace. A Dermark despatch to the Morning Herald

Bishop Wood, of the Roman Catholic di-ocese of Pailadelphia, has created a sensation by denouncing all organizations of a political, social or religious nature whose members are any way bound together by secret oaths or rules. His attention was called to the subject by the spread, in power and influence, of a society known as the Fenian Brotherhood. For its advocacy of the Fenians the Bishop withdrew his sanction from the Catholic Herald, and has caused a "pastoral" to be read in the various Catholic churches throughout the diocese, addressed to the Irish Catholics, who are warned against all associations with secret societies of any and every kind.
